Customer Group Overrides

Product-Customer Matrix Prices · /productcustomermatrix/price-selection/customer-group-overrides

Customer/group override strategies require:

- `mageb2b/pricesystem-advancedconfig` (`MageB2B_PricesystemCoreAdvancedConfig`)

When Group Overrides Apply

- For **guests**: group-level selection applies (NOT_LOGGED_IN group).
- For **logged-in customers**: group-level selection applies only if the customer-level rule is set to **Fallback**.

Group Custom Sort Order

If the group-level rule is set to "Custom sort order":

- Pricesystem uses the group-specific priority list stored in `pricesystem_customer_group_sort_position`
- If the group has no custom list configured, it falls back to the global `price_sort_order`
